

**Be part of the local  
conversation. Join the  
Kingston/Greenwood  
Community Health Board  
for an informal  
COMMUNITY CHAT**

*Who are we?*

*"Community Health Boards work to improve wellness where we live, play, learn and grow. They engage communities in discussions around the social determinants of health and develop a Collaborative Community Health Plans to advise the Nova Scotia Health Authority on local issues and priorities. CHBs also do advocacy work ,create partnerships and give out Wellness Funds annually to your community "*

**May 24, 2018  
Kingston Fire Hall  
10am - 12 pm**

The community chat idea is to bring local groups and organizations together to discuss their projects, ideas, and challenges. We would like to create links, connections, partnerships, increase awareness of local actions, and to work together to further similar initiatives.

**No Agenda/ No Expectation/ No additional workload for anyone  
"Listening to our Communities"**
